

SUPPLIER AND SERVICE PROVIDER BULLETIN

To Our Valued Suppliers and Service Providers:

It is appropriate during this holiday season that Teledyne Technologies Incorporated recognizes our third-party sales and supply channels and other service providers who make it possible for us to manufacture our products and fulfill our customers' requirements. Thank you for your support as we face continuing global economic, supply chain and other challenges and conflicts. We want to extend our warmest wishes for a joyous, safe and healthy holiday season to you, your employees and their families.

Please remember that Teledyne has a policy that prohibits Teledyne employees and their families from accepting gifts or gratuities from our service providers, or any party from providing gifts or gratuities to our customers or business partners on our behalf, except in limited circumstances. It is in both our interests to avoid even the appearance of any form of favoritism or conflict of interest. We are certain that you share our desire to act in a manner consistent with the law, our policies and our commitment to ethical business practices.

We would also like to take this opportunity to remind you of our Ethics Code of Conduct for Service Providers, which all Teledyne third party sales and supply channels and other service providers are expected to follow. The Code can be found online at: <http://www.teledyne.com/who-we-are/ethics>. As a reminder, one requirement within the Code is that no Teledyne service provider shall engage in or facilitate forced labor, child labor, slavery or human trafficking. We expect our service providers to provide a healthy and safe workplace -- one that is free from harassment and discrimination.

Again, we are thankful for the support from our service providers. We must continue to coordinate our efforts to keep trade open and ensure the integrity of the supply and distribution of Teledyne products. We recognize that in difficult times there can be added pressures and want to emphasize that we must not compromise either the quality of our products or our ethical values. With reported shortages, we must continue to be on alert to assure that counterfeit parts are not introduced into our supply chains. We expect that our service providers will work with us to manage through these times successfully and with integrity.

Additionally, over the last few years, cyber criminals have sought to misappropriate payments by pretending to be service providers and requesting diversion of funds. Some have also tried to divert product shipments to illegitimate destinations. We expect our service providers to have adequate cybersecurity and accounting controls to ensure their employees recognize questionable electronic communications to confirm requested changes. We also note the increase in data extortion, and expect our service providers to effectively protect our sensitive and controlled information, and to notify us if they believe Teledyne information has been compromised in a cyber attack on their systems.

Should you have questions regarding Teledyne's ethical business conduct requirements, you may contact our Senior Vice President, General Counsel, Chief Compliance Officer and Secretary, Melanie S. Cibik, at +1(805) 373-4605 or melanie.cibik@teledyne.com, or our Senior Ethics, Anti-Corruption and Compliance Counsel, Esther Quartarone, at +1(978) 808-7559 or esther.quartarone@teledyne.com. We also maintain a Corporate Ethics Helpline at (877) 666-6968 or www.teledyne.ethicspoint.com.

Best wishes for a happy holiday season and a safe, healthy and prosperous 2024.

Robert Mehrabian
Chairman, President and Chief Executive Officer
Executive Chairman (effective January 1, 2024)

Edwin Roks
Executive Vice President
Chief Executive Officer (effective January 1, 2024)
